

3DIQ

3DIQ enhances submittals for Bullhorn users in order to help them place more candidates in less time. This industry leading product suite complements your submission process from start to finish. Through interactive candidate profiles that drive feedback and an easy to use client portal, we'll help you deliver a cutting-edge customer experience.

Designed to fully integrate with Bullhorn, 3DIQ is a plug-in-and-go tool that allows you to work directly within the ATS. Recruiters can easily submit and get real-time responses from clients.

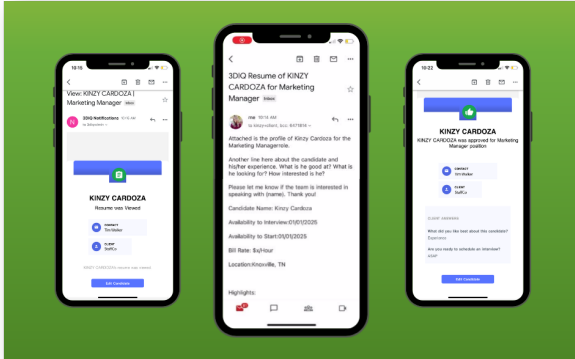

- ✓ EXPEDITE & RECORD FEEDBACK
- ✓ REAL-TIME VIEW NOTIFICATIONS
- ✓ PREPARE/ SUBMIT CANDIDATES WITHOUT LEAVING BULLHORN
- ✓ MOBILE FRIENDLY EXPERIENCE: THERE'S NO APP TO INSTALL, NO LOGIN TO REMEMBER. JUST CLICK AND VIEW TALENT.

As recruiters, we realized that candidate submissions are the most important part of the recruitment process but often overlooked how we presented them to clients. 3DIQ is the solution that saves you time and money.
